ULHASNAGAR CLEANING PROGRAMM CLENING ULHASNAGAR

College has organized program on " **ULHASNAGAR CLEANING PROGRAMM CLENING ULHASNAGAR** " .Dated 16TH AUGUST 2022 , TUESDAY AT 09.00 a.m. to 01:00 p.m.

The importance of investing in a regular cleaning schedule on college campuses is sometimes overlooked by procurement managers. Some of the main benefits: Productivity, Safety considerations, Leadership, Promotes hygiene and Protecting college infrastructure. On the first topic, productivity, a research published by the World Green Building Council revealed that clean offices that are well-designed are more likely to produce a good working atmosphere.

Cleaning is important for the health and safety. If the hallways and rooms within a college is cluttered with rubbish, cables, boxes and other obstacles, it increases the likelihood of accidents and mishaps. If a serious injury occurs as a result of a disorganised work environment, it can potentially lead to more severe problems, including lawsuits and a loss of productivity and faith in the college. Maintaining a clean college environment sets a good example to students. It encourages learners to take pride in their university or college, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment. About the fourth benefit, cleanliness is incredibly important when it comes to cutting down on the spread of diseases in the college and means that staff and students are able to enjoy a comfortable learning environment. It also improves hygiene levels and can help to reduce the spread of sickness.

The last benefit is protecting college infrastructure. Electronic equipment, furnishings and other resources are an important part of college infrastructure. Over time, dust, dirt and rubbish can prevent these things from running efficiently. Therefore, failing to keep all of these things clean, is likely to cost a lot more money in the long-run, due to damage from various courses. When a building was rated as a level four or five, the vast majority (88 per cent) of students claimed that the environment hindered their ability to learn. Similarly, 78 per cent of learners said that their health was impacted by their learning environment.

COLLEGE HAS ORGANIZED AN ADD ON COURSE OF **ON THE OCCASION OF
GANDHI JYANTI WE CONDUCTED DRAMA** DATED 02nd OCTOBER 2022 ,
SUNDAY AT 10.00 am AT S.D.T.KALANI COLLEGE.

Gandhi Jayanti Celebration The occasion of Gandhi Jayanti is a grand festival in India. The celebration takes place in every State and Union territory, where prayer services or tributes are held to honour the memory of Mahatma Gandhi. He was a man responsible for many good things, including his commitment against racism which we still see today even though he has gone. The events happen throughout schools - both government institutions and private ones; there can be found memorial ceremonies too. Competitions for writing, art, and other activities take place worldwide. Prizes are also distributed for these competitions. Students in several schools and universities also watch plays and documentaries about Mahatma Gandhi's journey. As a result, youth are encouraged to live a non-violent lifestyle. Additionally, there are occasions for singing Gandhi Ji's favourite Bhajan (Hindu devotional song). Gandhi Ji's monuments are decorated with flowers and garlands as part of celebration. Gandhi Jayanti celebrates Mahatma Gandhi's outstanding character. It's a chance to pause and appreciate this fantastic personality's life. On this day, everyone must also make an effort to live like him. Indeed, Gandhi Jayanti is considered a patriotic day in India.

INTERNATIONAL YOGA DAY

International Yoga Day 2022: It is observed on June 21 to spread awareness about the benefits of yoga. This year it is the 8th edition of the International Yoga Day.

International Yoga Day is observed every year on June 21 to raise awareness about this ancient practice and to celebrate the physical and spiritual prowess that yoga has brought to the world. Yoga is a practice which plays an important role in relaxing the mind and body and boosting people's immune system.

Today, on 21st June 2022, College celebrated 8th International Yoga Day. It was attended by many prominent Professors, Directors and Students from different schools of the University with great enthusiasm.

The event began with a brief introduction on Yoga Day take a Breath.

Warm up exercises were taken and all the students practiced and performed sitting and standing asanas, importance of these were explained simultaneously. The celebration concluded with the speech of our Hon'ble Vice-Chancellor Prof. (Dr.) Uma Bhardwaj. She encouraged students to practice regular yoga to remain fit and improve concentration.

The Hon'ble Pro-Vice Chancellor Prof. (Dr.) Parsanjeet Kumar addressed the participants on the importance of yoga practice in our life.

All Faculties, Staff and Children were taught the importance of Yoga in their life and how to maintain the harmony between body and how to maintain the harmony between body and mind. The students discussed the importance of yoga and also exhibited yoga postures and promised to introduce this activity in their daily lives.

International Yoga Day celebrations ended with a huge success under the supervision of the Head Cultural Committee, Dr. Pratibha Teotia.

NSS ORIENTATION PROGRAMM

College has organized an "**NSS ORIENTATION PROGRAMM**". Date 02nd FEB 2023 AT 10:30AM AT S.D.T KALANI COLLEGE

Objective of activity: To create awareness among the students about NSS and to explain the role of them in various activities.

VENUE :- F.Y.B.M.S classroom, CCSIT

• TIME:- 12:30 pm to 01:10 pm

• Agenda of Activity

• 1. To convey the ideology of NSS (National Service Scheme) to the students. 2. To make students understand the aims and objectives of NSS. 3. To motivate and encourage students to enroll in the NSS. 4. To showcase the impact of NSS in the society. 5. To display the advantages and effects of the NSS activities. 6. To give information about NSS activities. 7. To give information about programs that will be organized by university's NSS unit.

Execution:-• There was an orientation on 'National Service Scheme' (NSS) conducted by NSS programme officer

The program was conducted in order to help students become aware of NSS and its necessity in the society. The introduction of NSS was given in the initial stage of orientation followed by the aims and objectives of the same. Rakesh sir explained the impact of the NSS in the society.

Sir discussed the plans and schedule for the upcoming activities of NSS. He tried his best to motivate and inspire the students to join and become the part of the National Service Scheme. In the end sir asked for the students, who were willing to enroll in the NSS to fill the registration form and give it to him (NSS Program Officer).

Dental Health Care Check Up

College has organised a program on **"DENTAL HEALTH CARE CHECK UP"**.
Dated **11th March Saturday, 2023** at **11.00am** at **S.D.T. Kalani College**.

Dental checkups are like your regular doctor visits. During a dental checkup, the dentist will examine and clean your teeth. They will also look for any signs of cavities, decay, or other issues. Based on their observation, they will suggest a treatment plan if necessary.

Dental treatments are specialist appointments for fillings, **deep teeth cleanings**, root canals, tooth extractions, and other dental concerns. Dental treatments are frequently the result of a routine **dental checkup**.

Regular checkups can help detect problems early on, preventing more severe and expensive procedures later. In other words, regular dental examinations protect you from more serious oral health issues and save you a lot of money.

On
Blood Donation Rally

College has organised a "Blood Donation Rally". Date 17th, February
Friday 2023 at 10am at S.D.T. Kalani College.

A **blood donation** occurs when a person voluntarily has blood drawn and used for transfusions and or made into biopharmaceutical medications by a process called fractionation separation of whole blood components. Donation may be of whole blood, or of specific components directly apheresis. Blood banks often participate in the collection process as well as the procedures that follow it. Today in the developed world, most blood donors are unpaid volunteers who donate blood for a community supply. In some countries, established supplies are limited and donors usually give blood when family or friends need a transfusion (directed donation). Many donors donate for several reasons, such as a form of charity, general awareness regarding the demand for blood, increased confidence in oneself, helping a personal friend or relative, and social pressure. Despite the many reasons that people donate, not enough potential donors actively donate. However, this is reversed during disasters when blood donations increase, often creating an excess supply that will have to be later discarded. In countries that allow paid donation some people are paid, and in some cases there are incentives other than money such as paid time off from work. People can also have blood drawn for their own future use autologous donation. Donating is relatively safe, but some donors have bruising where the needle is inserted or may feel faint.

Potential donors are evaluated for anything that might make their blood unsafe to use. The screening includes testing for diseases that can be transmitted by a blood transfusion, including HIV and viral hepatitis. The donor must also answer questions about medical history and take a short physical examination to make sure the donation is not hazardous to their health.

BLOOD DONATION AWARENESS

College has organized Blood donation camp on 21st June, 2022 Tuesday in college.

The camp aimed to raise awareness about the importance of blood donation and to encourage people to donate blood voluntarily.

The camp was well-organized, with trained medical professionals supervising the blood donation process. The volunteers were screened to ensure their eligibility for blood donation, and their blood types were determined. The donors were then led to the donation area, where they donated blood under the supervision of the medical team.

The donors received refreshments and were advised to rest for a few minutes before leaving the donation area. The blood donation process was safe and hygienic, with strict protocols in place to ensure the donors' safety.

The blood donation camp was successful in attracting a large number of donors, including first-time donors and regular donors. The donors expressed their satisfaction with the process and their willingness to donate blood again in the future.

The blood collected at the camp was sent to the blood bank to be used for transfusions, surgeries, and emergency cases. The blood donation camp was a great way to address the shortage of blood in the community and to help save lives.

In conclusion, the blood donation camp was a successful event, with many people participating in the process and contributing to the cause of saving lives. The camp was a great way to promote awareness about blood donation and encourage people to donate blood voluntarily.

Webinar On Climate Change

College has organised a program of "**WEBINAR ON CLIMATE CHANGE**". Dated **04th November** 2022, Friday at **11.00am** at **S.D.T.KALANI COLLEGE**.

A Climate Change Webinar series is organized by the Puducherry Climate Change Cell, Department of Science, Technology and Environment on various important themes pertaining to Climate Change, that focus on building capacity, knowledge and skills of the Government Officials, Academicians, Professionals, Researchers, Students and other Climate Enthusiasts, for preparing climate change mitigation and adaptation strategies in the sectoral development activities and informed decision making; and also for creating awareness among all the stakeholders on climate change issues and response strategies. The Puducherry Climate, Change Cell was established under the project supported by Department of Science & Technology, Government of India under the National Mission for Strategic Knowledge for Climate Change (NMSKCC) for building capacity and creating awareness on climate change at the regional level. For the period of August 2020 to March 2021, nine webinar on Climate Change Webinar Series has been conducted via Google meet platform and LIVE streamed in youtube. The Participants representing the line department involved in preparation of revised State Action Plan on Climate Change (SAPCC) including Officials of the Climate Change Cell and other departments from various other States and U.T.s, Academicians, Researchers, Students, NGO's, Civil Societies and Climate Change enthusiasts were participated in the webinar Focusing on mainstreaming climate change in 6 sectors and also innovation on decarbonization policies and technologies would reduce the emission potential compared to the current policy scenario for 2030. • Energy and transport sector dominates the total GHG emission. Decarbonizing energy sector by enhanced energy efficiency policies and more potential from renewable energy is expected as energy requirement in 2040 would increase by 30% approximately. • In upcoming years, it is estimated that global energy demand for cooling would triple by 2050. Phasing out of HFCs and using environment friendly refrigerants would decrease global warming by 0.4o C within 2100. • In order to achieve 1.5oc target, the idea of new coal power plants shall be avoided, as phasing out coal and adopting nature-based solution would make large contributions in removing CO2 from the atmosphere. Second session was

on
RANGOLI COMPETITION

College has organized Rangoli competition on 1st August, 2022, in college auditorium.

A Rangoli competition is a traditional Indian art form where patterns are created on the ground using materials such as colored rice, sand, or flower petals. The purpose of the competition was to showcase creativity and artistic talent, as well as to promote cultural traditions.

During the competition, participants created their designs on a predetermined area of the ground or floor, basically using white chalk to outline the design before filling it in with the chosen materials. The designs varied from simple geometric shapes to intricate patterns and were inspired by various themes, such as nature, mythology, or religious symbols.

Judging criteria for a rangoli competition was originality, creativity, symmetry, color combination, and overall aesthetic appeal. The winner was chosen by a panel of judges who evaluate each design based on those criteria.

Rangoli competitions are often held during festivals and celebrations, such as Diwali, Navratri, and Onam. They provide an opportunity for people to come together and showcase their artistic abilities while celebrating the beauty of their culture.

COVID 19-VACCINE

College has Organized Of "Covid - 19 Vaccine" .Dated 02nd September 2022 ,
Friday At 09.00am At Classroom .

First, young people often work in areas at high risk for exposure to the corona virus, such as restaurants, schools, manufactories, and retail shops. Additionally, since young people were less likely to get severe infection of COVID-19, they may have a false sense of confidence regarding their safety, with ignoring community pandemic guidelines and not wearing masks.

Consistent with a report from Bruine de Bruin, adults aged under 30 years old have the higher risk than elders in getting COVID-19 infection.²⁸ In addition, college students can be particularly affected by campus outbreaks and spread the corona virus when they return home or go out for social activities. Therefore, college students could be an ideal population to investigate their view for COVID-19 since they are well-educated and open-minded, and supposed to be the active spreader of the pandemic.

We Clean Karatiya Nagar**

College has organized 1 day cleaning program in "Karatiya Nagar" date on 2nd November 2022, Wednesday at 09:00 a.m. to 12:00 p.m. to clean Karatiya Nagar.

We clean Karatiya Nagar is a community-led initiative in Karatiya Nagar aimed at cleaning up the neighborhood after Diwali, one of the biggest festivals in India that is often associated with significant pollution caused by fireworks. The initiative is a joint effort between the residents of the locality and various organizations, including local NGOs, schools, and religious institutions.

The cleaning drive was carried out on November 8, 2022, the day after Diwali, and involved a large number of volunteers. The volunteers gathered at the designated location early in the morning and were divided into teams to cover different areas of the locality. The teams were provided with cleaning tools such as brooms, dustbins, gloves, and masks.

The cleaning drive was not only aimed at removing the debris and litter left behind after the festival but also at spreading awareness about the harmful effects of fireworks on the environment and public health. The volunteers engaged with the local residents, urging them to avoid using fireworks and to dispose of the waste responsibly.

The initiative was a great success, with a large number of volunteers turning up and working tirelessly for several hours to clean up the locality. The volunteers collected a significant amount of waste, including plastic wrappers, burnt fireworks, and other debris. The waste was then segregated into different categories and sent for recycling or disposal.

The initiative received widespread appreciation from the local residents, who were happy to see their neighborhood being cleaned up after the festival. The organizers also received support from local businesses, who provided refreshments and other support to the volunteers.

Overall, the initiative in Karatiya Nagar was a great example of community-led action aimed at addressing a pressing environmental issue. The initiative not only helped to clean up the locality but also raised awareness about the harmful effects of fireworks and the importance of responsible waste disposal.

We also get elevated by the response of the student and benefit that our students going to receive in the future . We are also motivated to organise such workshop in the future so that our students will get benefited by such programs .

National Integration Program

College has organized National Integration Program on the date of 12th November 2022 at 10:00 am, at 12:00 p.m. in Auditorium.

National integration refers to the process of creating unity, harmony, and a sense of belonging among the diverse communities within a country. It is essential for the development and progress of a country. National integration programs are initiatives taken by the government to promote unity and harmony among the diverse communities living within a country. This paper will provide a summary of the National Integration Program in India.

National Integration Program in India:

India is a country with diverse cultures, religions, languages, and traditions. The National Integration Program was launched in India to promote national unity, social harmony, and the feeling of brotherhood among the citizens. The program aims to strengthen the emotional integration of people of different cultures and religions.

The program has several components, including educational, cultural, and social activities. The government has taken several steps to promote national integration. One of the most important steps is the promotion of a common language. Hindi is the official language of India, and efforts have been made to promote Hindi as a common language for all citizens. The government has also promoted the use of other regional languages to ensure that people are comfortable communicating in their own language.

The National Integration Program in India also includes educational initiatives. The government has introduced several educational programs that promote national integration. For example, the National Service Scheme (NSS) is a program that encourages students to participate in social service activities. The program aims to create a sense of responsibility towards the community and the nation. The government has also taken steps to promote cultural integration. Cultural programs are organized to promote the cultural heritage of India. These programs showcase the diversity of India and bring people from different communities together. The government has also introduced the concept of "Ek Bharat Shreshtha Bharat," which means "One India Great India." The program aims to promote cultural exchange between different states of India.

The National Integration Program in India also includes social initiatives. The government has taken several steps to promote social harmony. For example, the government has introduced the concept of "Sabka Saath, Sabka Vikas," which means "Together with all, Development for all." The program aims to promote inclusive growth and development.

We also elevated by the response of the students and benefits that our students going to receive in the future. We are also motivated to organize such seminars in the future so that our students will get benefitted by such programmes.

On
SWACHHA BHARAT ABHIYAN MEETING AND SESSION

College has organized an add on course of " **SWACHHA BHARAT ABHIYAN MEETING AND SESSION**" .Dated 18th AUGUST 2022 On Thursday From 09.00am onwards at classroom .

Safe sanitation means promotion of safe disposal of human excreta, right use of toilet and avoiding open defecation as well as management of solid and liquid waste. WHO observed that one gram of faeces can contain 10,000,000 viruses, 1,000,000 bacteria, 1,000 parasite cysts and 100 parasite eggs. The U.S. Public Health Service identified 22 human diseases that are linked to improper solid and liquid waste management. India generates solid waste of about 1.2 lakh tones per day and unfortunately the waste management system in the country is very scratchy. Poor sanitation is the reason for many diseases like diarrhea, cholera, typhoid, and many more. According to the WHO report, in India, around 600 million people are indulging in defecation in the field. It reports that in India, one in tenth deaths is due the poor sanitation hygiene. To overcome this problem, the prime minister of India has launched Swaccha Bharat Abhiyan, which is an honour to Mahatma Gandhi on his 150th birth anniversary in 2019. There are various factors which hinder proper sanitation, awareness about sanitation, improper facilities due to lack of money and culture etc. Swachha Bharat Mission caters all the factors. In some culture, the toilet considered as very impure, so it has to be outside the house.

. Participated in the cleanliness drive organized by the institution under the program 'Swachha Bharat Abhiyan'. The program began with the garlanding of the picture of Mahatma Gandhi. Students cleaned the campus and raised the slogan 'One step towards cleanliness'. The campaign was launched by the Prime Minister Narendra Modi.

ON
Clean the Surrounding of College Campus

College has organized special 1 day program on clean the surrounding of college campus date 04th Aug 2022 at 09:00 a.m. to 01:00 p.m.

Cleaning the surroundings of a college campus is an important aspect of maintaining a clean and healthy environment. Not only does it enhance the aesthetic value of the college, but it also creates a sense of pride and responsibility among students and faculty members. This summary will discuss the benefits of cleaning the surrounding areas of college campuses, the challenges that may arise, and the strategies that can be used to ensure success.

Benefits of cleaning the surroundings of a college campus

There are numerous benefits associated with cleaning the surroundings of a college campus. Firstly, it helps to reduce pollution levels by removing litter and other forms of waste. This promotes a clean and healthy environment, which can contribute to better mental and physical health among students and staff. Additionally, a clean campus can boost the morale of students and staff, fostering a sense of pride in the institution. Furthermore, a well-maintained campus can attract more students and faculty members, increasing the reputation and profile of the college.

Challenges that may arise

Cleaning the surroundings of a college campus can be a daunting task, especially if the area is vast. Some of the challenges that may arise include lack of resources, lack of manpower, and inadequate waste management systems. Additionally, some students may not take responsibility for their actions, leading to an increase in litter and waste. The weather can also pose a challenge, as inclement weather conditions may impede the cleaning process.

Strategies for success

To ensure success in cleaning the surrounding areas of a college campus, several strategies can be employed. Firstly, it is important to establish a clear plan of action that outlines the cleaning schedule and the areas that need to be addressed. This can help to ensure that resources are utilized effectively and that the cleaning process is efficient. Secondly, it is important to involve students and faculty members in the cleaning process. This can be achieved through initiatives such as litter pick-up competitions and the establishment of environmental clubs. Involving the community can foster a sense of ownership and responsibility, promoting sustainability and long-term success. Finally, it is important to invest in waste management systems that can effectively dispose of waste and promote recycling.

In conclusion, cleaning the surroundings of a college campus is a vital aspect of maintaining a clean and healthy environment. While there may be challenges associated with the cleaning process, the benefits far outweigh the costs. By employing effective strategies, such as involving

SESSION CONDUCTED FOR MENTAL HYGEINE

College has organized a program of "SESSION CONDUCTED FOR MENTAL HYGEINE".
Dated on 3rd SEPTEMBER 2022 SATURDAY at 09.00 am to 01.00 pm . AT S.D.T KALANI
COLLEGE .

Mental health is a serious topic that is often not taken seriously. Due to my own struggles with depression, I have experienced the impact mental illness can have on a student's life. Mental illness can make everyday life feel unbearable and can have just as serious of an effect on a person as a physical illness. The causes of increasing mental health problems in college students are numerous, and it will take work from both students and universities to overcome this problem, but change is necessary for the health of U.S. college students. There is no simple answer to what causes mental health problems in college students, as factors differ for every person. There are, however, some factors that are more possible than others such as preexisting conditions. According to "Mental Health By The Awareness..

Many people are unaware of the symptoms of mental illness and therefore are not able to spot them in themselves or others. Unfortunately, there is a problem when it comes to educating people on mental health. People don't want to talk about mental health problems. They are afraid of mental illness and therefore avoid the topic. There is also a stigma in society that those with mental illness are in control of their disabilities so they are told to "change their thinking" rather than to seek medical help. This stigma and ignorance of mental illness symptoms often means that people struggling with mental health problems do not get help until they are at a point of crisis.

on
"PERSONALITY DEVELOPMENT PROGRAM"

College has organized program on "Personality Development Program". Dated 24th December 2022, Saturday 11:00am to 12:00pm at College Auditorium.

Personality development programs are designed to help individuals enhance their personal and professional skills, and develop a more positive and confident attitude towards life. The program typically includes a combination of theoretical knowledge and practical exercises, which aim to improve various aspects of one's personality such as communication skills, leadership skills, emotional intelligence, and self-awareness.

The first step in any personality development program is self-assessment. This involves identifying your strengths and weaknesses, and understanding your personality traits and tendencies. Once you have a clear understanding of yourself, you can then start working on improving your weaknesses and enhancing your strengths.

Communication skills are an important aspect of personality development. The program includes exercises that help individuals improve their verbal and non-verbal communication skills, and learn how to communicate effectively in different situations. This includes learning how to listen actively, ask questions, and express oneself clearly and confidently.

Leadership skills are also an essential part of personality development. The program includes exercises that help individuals understand the qualities of a good leader, and develop the skills needed to become one. This includes learning how to motivate and inspire others, delegate tasks effectively, and lead by example.

Emotional intelligence is another crucial aspect of personality development. This involves developing an understanding of one's own emotions, and the emotions of others. The program includes exercises that help individuals improve their emotional intelligence, and learn how to manage their emotions effectively. This includes learning how to express emotions in a healthy way, and how to deal with difficult emotions such as anger and stress.

Self-awareness is also a key aspect of personality development. The program includes exercises that help individuals develop a greater understanding of themselves, their values, and their beliefs. This includes learning how to identify one's own strengths and weaknesses, and how to use this knowledge to achieve personal and professional goals.

Overall, personality development programs are designed to help individuals become more self-aware, confident, and successful in their personal and professional lives. By developing strong communication and leadership skills, improving emotional intelligence, and enhancing self-awareness, individuals can become more effective in their relationships, careers, and overall quality of life.

"MEDITATION IMPORTANCE SESSION"

College has organized program on "**Meditation Importance Session**". Dated 28th November 2022, Monday 10:00am to 12:00pm at College Auditorium.

Session to of the meditation series focuses on the benefits of meditation and why it's important to incorporate it into your daily routine. Meditation has been shown to reduce stress, anxiety, and depression, improve focus and concentration, boost immune function, and promote overall well-being.

Meditation is not just about sitting quietly and clearing your mind. It's about being present in the moment, observing your thoughts and emotions without judgment, and cultivating a sense of calm and inner peace. Regular meditation practice can help you develop these skills and bring more mindfulness and awareness into your everyday life.

In addition to the mental and emotional benefits, meditation has also been shown to have physical health benefits, such as lowering blood pressure, reducing inflammation, and improving sleep quality.

Overall, incorporating a regular meditation practice into your daily routine can have numerous benefits for your physical, mental, and emotional well-being. So, if you haven't already, consider giving meditation a try and see how it can positively impact your life.

1. **Improves Emotional Regulation:** Meditation can help you manage your emotions better by developing your ability to observe your thoughts and feelings without getting carried away by them. This helps you cultivate a greater sense of emotional resilience and control.
2. **Reduces Anxiety and Stress:** One of the most well-known benefits of meditation is its ability to reduce anxiety and stress. Regular meditation practice can help you feel more relaxed, calm, and centered, even in the midst of challenging situations.
3. **Enhances Cognitive Function:** Research has shown that meditation can enhance cognitive function by improving working memory, attention, and decision-making abilities. This makes it easier to stay focused, think clearly, and make better choices in all areas of your life.

"AAZADI KA AMRIT MAHOTSAV"

College has organized program on "Aazaadi ka Amrit Mahotsav", Dated 15th October 2022, Friday at 11:00am to 1:00pm at college campus.

In addition to the events and activities mentioned above, the "Aazaadi ka Amrit Mahotsav" has also emphasized the importance of promoting innovation and entrepreneurship in the country. To this end, various initiatives have been launched to support startups and encourage innovation, such as the "Atmanirbhar Bharat" campaign, which aims to promote self-reliance and reduce dependence on foreign goods and technologies.

Furthermore, the initiative has highlighted the role of women in the freedom struggle and the importance of gender equality in the country's development. Various events and programs have been organized to showcase the contributions of women freedom fighters and to promote women's empowerment.

The "Aazaadi ka Amrit Mahotsav" has also focused on preserving India's rich cultural heritage and promoting tourism in the country. Various initiatives have been launched to promote tourism and showcase India's diverse cultural and natural heritage to domestic and international tourists.

Overall, the "Aazaadi ka Amrit Mahotsav" is a significant initiative that aims to celebrate India's independence and inspire citizens to contribute to the country's development. The initiative provides an opportunity for Indians to reflect on their history, culture, and values and take pride in being a part of a diverse and vibrant nation.

Another important aspect of the "Aazaadi ka Amrit Mahotsav" is its focus on promoting unity and national integration. The initiative aims to strengthen the bonds between different communities and regions in the country and promote a sense of national unity and cohesion.

Various programs and events have been organized to promote communal harmony and celebrate the diversity of India's different cultures and traditions. For instance, cultural programs featuring folk dances and music from different parts of the country have been organized to showcase the rich cultural diversity of India.

The "Aazaadi ka Amrit Mahotsav" has also emphasized the importance of promoting sustainable development and protecting the environment. Various initiatives have been launched to promote renewable energy, reduce pollution, and protect the country's natural resources.

"CLEANED SOME TEMPLE AFTER SMRITI DIVAS"

College has organized NSS program on "Cleaned Some Temple After Smriti Divas". Dated 17th November 2022, Thursday 11:00am to 2:00pm at Near College.

Smurti Divas is a Hindu festival that is celebrated to honor and remember the departed souls of our loved ones. During this festival, people visit temples to offer prayers and seek blessings for their departed loved ones. After the festival, it is important to clean the temple premises to maintain its sanctity and cleanliness.

Cleaning temples after Smurti Divas involves several steps:

1. Remove all the decorations and offerings: All the decorations, flowers, and offerings made during the festival need to be removed from the temple premises.
2. Sweep and mop the floors: The floors of the temple need to be swept and mopped thoroughly to remove any dirt or debris.
3. Clean the idols and statues: The idols and statues in the temple need to be cleaned with a damp cloth. Special care should be taken while cleaning delicate or intricate parts of the idols.
4. Clean the altar: The altar, where the idols are placed, needs to be cleaned thoroughly. Use a damp cloth to wipe the surface and remove any debris.
5. Clean the puja utensils: The puja utensils, including the thali, diya, and other utensils used during the festival, need to be cleaned thoroughly with soap and water.
6. Dispose of the offerings: The offerings made during the festival, such as flowers and fruits, need to be disposed of properly. They should not be left to rot in the temple premises.

Two Page summary Report
on
"HEALTH AWARENESS PROGRAM"

College has organized program on "**Health Awareness Program**". Dated 21st December 2022, Wednesday 11:00am to 12:00pm at College Auditorium.

A health awareness program is an initiative aimed at educating individuals and communities about the importance of health and wellness, and providing them with the necessary tools and resources to maintain good health. The program typically involves various activities, such as workshops, seminars, health screenings, and educational materials, to promote awareness and encourage healthy behavior.

The goal of a health awareness program is to empower individuals to take control of their own health, prevent disease and illness, and promote well-being. This is achieved through education and the provision of resources and tools that support healthy living, such as information on nutrition, physical activity, stress management, and disease prevention.

The success of a health awareness program is measured by its ability to reach a wide audience and effect meaningful change in health behavior. Effective programs are tailored to the needs of the community, and are designed with input from healthcare professionals, community leaders, and other stakeholders.

Some of the key elements of a successful health awareness program include:

1. Targeted outreach: Effective programs are designed to reach specific populations, such as seniors, children, or individuals with chronic health conditions.
2. Engaging activities: Programs that incorporate engaging and interactive activities, such as health fairs and workshops, are more likely to attract and retain participants.
3. Multi-disciplinary approach: Health awareness programs that involve collaboration between healthcare professionals, community leaders, and other stakeholders are more likely to be successful.

4. Measurable outcomes: Programs that set specific goals and measure outcomes, such as improved health behavior or reduced incidence of disease, are more likely to be successful.
5. Sustainability: Health awareness programs that are designed to be sustainable, with ongoing support and resources, are more likely to have a lasting impact.

In conclusion, a health awareness program is an important initiative aimed at promoting health and wellness, and providing individuals and communities with the necessary tools and resources to maintain good health. Effective programs are tailored to the needs of the community, engaging, multi-disciplinary, and designed to achieve measurable outcomes. By promoting healthy living and disease prevention, health awareness programs have the potential to improve the overall health and well-being of communities.

"CONSUMER RIGHT DAY"

College has organized NSS program on "Consumer Right Day". Dated 24th November 2022, Thursday 11:00am to 1:00pm at College Auditorium.

Consumer Rights Day, also known as World Consumer Rights Day, is celebrated annually on November 24th to raise awareness about consumer rights and to promote fair practices in the marketplace.

On this day, various organizations and consumer groups come together to educate consumers about their rights, highlight issues that affect them, and advocate for change in the industry.

The theme for Consumer Rights Day is "Empowering Consumers in the Digital Age". With the increasing use of technology and the rise of e-commerce, consumers face new challenges related to privacy, security, and trust in online transactions.

The focus this year is on empowering consumers to make informed choices, protect their personal data, and hold companies accountable for any wrongdoing. It is also about promoting the importance of access to affordable, reliable, and safe goods and services for all consumers, regardless of their income or location.

Consumer Rights Day also provides an opportunity to recognize the achievements and contributions of consumer advocates and organizations in the field. It is a day to celebrate the power of consumer voices and to renew the commitment to promoting and protecting consumer rights around the world.

Consumer Rights Day is not only a day to raise awareness but also to celebrate and acknowledge the role of consumers in the marketplace. It reminds businesses and organizations that they have a responsibility to provide safe and quality products, be transparent in their practices, and treat consumers fairly.

Throughout history, consumer rights have evolved as a response to social, economic, and technological changes. The consumer movement has made significant progress in protecting consumers from harmful and deceptive practices, promoting product safety and quality, and ensuring access to essential goods and services.

However, there are still many challenges that consumers face today, including the digital divide, unequal access to information and resources, and the lack of regulatory frameworks in many parts of the world.

"FIRE AND DISASTER MANAGEMENT "

College has organized program on "Fire Disaster Management". Dated 12th January 2023, Thursday 10:00am to 12:00pm at College Auditorium.

Fire disasters are a major threat to people, property, and the environment. Effective fire disaster management is crucial to minimize the impact of such disasters.

1. **Prevention:** The first and most important step in fire disaster management is prevention. This involves identifying potential fire hazards and taking steps to eliminate or minimize them. This can include measures such as regular maintenance of electrical systems, proper storage and disposal of flammable materials, and ensuring that smoking is prohibited in areas where there is a risk of fire.
2. **Preparedness:** In addition to prevention, it is essential to be prepared for a fire disaster. This involves developing an emergency plan that includes procedures for evacuation, communication, and emergency services. Regular fire drills and training sessions can help ensure that everyone knows what to do in the event of a fire.
3. **Response:** When a fire does occur, a rapid response is essential to minimize the damage. This includes alerting emergency services, evacuating the area, and containing the fire. Firefighters and other emergency personnel should be equipped with the appropriate tools and protective equipment to effectively respond to a fire.
4. **Recovery:** Once the fire has been extinguished, the focus shifts to recovery. This involves assessing the damage and taking steps to repair and rebuild. In addition to physical recovery, there may also be emotional and psychological impacts that need to be addressed.
5. **Collaboration:** Fire disaster management requires collaboration and coordination between various organizations and stakeholders. This can include local and national government agencies, fire departments, emergency services, community organizations, and businesses.

on
"DRAMA (SAY NO TO DRUGS)"

College has organized program on "Drama (Say No To Drugs)". Dated 09th January 2023, Monday 11:00am to 12:00pm at College Auditorium.

"No to Drugs" is a dramatic play that explores the dangers of drug use and addiction, aimed at educating and raising awareness among young people. The play revolves around the story of three friends, Mark, Cindy, and Jason, who are all high school students.

Mark, the main character, is a star athlete with a bright future ahead of him. He is being scouted by several universities for a full athletic scholarship. However, his life takes a turn for the worse when he starts using drugs to cope with the pressure and stress of his upcoming games.

Cindy, his girlfriend, is also an athlete and tries to help him overcome his addiction, but Mark becomes increasingly distant and eventually breaks up with her. Jason, their mutual friend, also starts experimenting with drugs and gets caught by the school authorities. He is expelled from school and becomes a drug dealer to support his habit.

As the play progresses, Mark's addiction worsens, and he loses everything he has worked hard for, including his scholarship and his relationship with his family. He hits rock bottom and realizes the harm he has caused himself and his loved ones. He seeks help and enters a rehabilitation program, where he learns to overcome his addiction and rebuild his life.

The play ends with Mark returning to school, sober and determined to make amends. He reunites with Cindy, who forgives him and supports him in his recovery. Jason, on the other hand, faces the consequences of his actions and is arrested for drug dealing.

ON

"VIJAY DIVAS"

College has organized program on "Vijay Divas". Dated 16th December 2022, Friday 11:00am to 12:00pm at College Campus.

Vijay Divas is a significant day in Indian history that marks the victory of the Indian Armed Forces over Pakistan in the 1971 Indo-Pak war. It is celebrated every year on December 16th to commemorate the sacrifices made by Indian soldiers and to honor their valor and bravery.

The 1971 Indo-Pak war was a major conflict between India and Pakistan that lasted for 13 days, from December 3rd to December 16th. The war resulted in the surrender of over 93,000 Pakistani soldiers and the creation of Bangladesh, which was previously known as East Pakistan. The war was fought on both the eastern and western fronts, with the Indian Army launching a massive offensive against Pakistan.

The Indian Armed Forces played a pivotal role in the war, with soldiers from the Army, Navy, and Air Force displaying exemplary courage and valor. The Army fought fiercely on the ground, while the Navy blockaded the Pakistani ports and the Air Force launched devastating air strikes on Pakistani targets. The Indian Armed Forces also carried out a daring airborne assault on Pakistani territory, which played a crucial role in the final victory.

The war was a significant turning point in Indian history, as it established India as a major regional power and boosted the morale of the Indian Armed Forces. It also marked the beginning of a new era in India-Pakistan relations, with Pakistan recognizing the independence of Bangladesh.

Vijay Divas is celebrated with great enthusiasm throughout India, with parades, flag hoisting ceremonies, and cultural programs being held across the country. The day is also marked by paying tribute to the brave soldiers who laid down their lives for the country and by remembering the sacrifices made by their families.

"NATIONAL GIRL CHILD LABOUR SESSION "

College has organized program on "**National Girl Child Labour Session**". Dated 30th January 2023, Monday 10:00am to 01:00pm at College Auditorium.

The National Girl Child Labour Project is a scheme implemented by the Government of India to rescue, rehabilitate and educate girl children who are engaged in labour-intensive work. The scheme aims to provide these children with basic education, vocational training, and other support services to help them lead a better life.

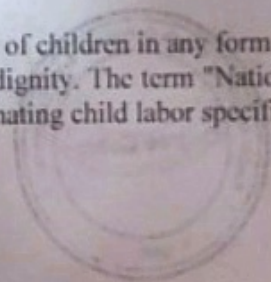

The scheme has been implemented in various states of India and has been successful in rescuing and rehabilitating thousands of girl children. The scheme also provides financial assistance to families of these children, encouraging them to send their daughters to school instead of engaging them in labour work.

To further the objectives of the scheme, the Government of India conducts various sessions and awareness programs, including the National Girl Child Labour Session. The session brings together stakeholders from various fields, including government officials, non-governmental organizations, and civil society members, to discuss the issues related to girl child labour and come up with strategies to address them.

The National Girl Child Labour Session is an important platform for discussing the challenges faced by girl children engaged in labour-intensive work and finding solutions to improve their lives. It is also an opportunity to share best practices, experiences, and knowledge about successful interventions and programs that have helped in rehabilitating and educating these children.

Child labor refers to the employment of children in any form of work that deprives them of their childhood, their potential, and their dignity. The term "National girl child labor" may refer to a campaign or program aimed at eliminating child labor specifically among girls.

The exploitation of children, including girls, through labor is a violation of their fundamental human rights. Girls who are forced to work may miss out on education, suffer physical and emotional abuse, and be subjected to hazardous working conditions. Additionally, child labor perpetuates poverty and economic inequality, as it deprives children of the opportunity to develop skills and pursue education, which are crucial for their future success.

In summary, the term "National girl child labor" may refer to efforts to eliminate the practice of child labor among girls through various interventions and strategies.

On
HYGIENE AND HEALTH WARENESS

College has organized program on "**HYGIENE AND HEALTH WARENESS**" .Dated 6TH JULY 2022 , WEDNESDAY AT 09.00am At classroom.

Most respondents were female with 64%, while 80% of the college students were in the age of <20-year-old. Twelve items were underhand hygiene practices, and four items under body hygiene. Nine items were under oral care; three, items were under hair application. Three were under clothes hygiene.

Personal hygiene can be defined as the practice of maintaining cleanliness and promoting and preserving body health. The term "hygiene" comes from the Greek word "Hygeia," which means goddess of health, cleanliness, and sanitation. Maintaining a high level of personal hygiene can help increase confidence and self-esteem, leading to a healthy lifestyle.[1] While the failure to keep up a standard of hygiene may have many implications. Not only there is a high risk of getting an illness or infection but also there are many social and psychological issues are possible due to poor hygiene.

The aim of this study was to assess and evaluate the level of personal hygiene knowledge among college students in Kuwait, with the identification of the weak areas and gaps in students' personal hygiene knowledge and also to determine the reliability and validity of hand hygiene practices, and to correlate between different hygiene practices.

The study was voluntary, and permission was given by the students to participate. The content of the questionnaire was explained and hence that each question would be understood and genuinely answered. The questionnaire was administered to the participated students and included a set of questions regarding the age range, the gender, and personal hygiene practices, such as hand hygiene knowledge, body hygiene, oral care, clothes hygiene, and personal hygiene knowledge.
